

# HOPPER™ WITH SLING®/ JOEY™

## OVERVIEW

The new Hopper with Sling includes everything you loved about the original Hopper, along with a few exciting enhancements. It now has the built-in ability to deliver all your live and recorded TV channels to your mobile devices, both at home and on the go. Hopper with Sling also comes with built-in Wi-Fi—another industry first—so it can wirelessly connect to your broadband Internet service.

## KEY FEATURES

- Hopper with built-in Sling lets you enjoy DISH Anywhere™ on your computer and mobile device—including all of your live channels and everything on your DVR, anywhere you have Internet access. Simply visit [www.dishanywhere.com](http://www.dishanywhere.com) or download the DISH Anywhere app.
- The Hopper Transfers™ app lets you transfer your DVR recordings to your iPad® and watch them wherever you are—even when you don't have an Internet connection.
- The DISH Explorer app expands your TV viewing experience. Easily discover what's worth watching and tune in on your Hopper. You can now interact with the show's live Twitter feed or get enhanced sports stats.
- PrimeTime Anytime™ gives you instant access of up to 8 days of primetime content from ABC, CBS, FOX and NBC\*.
- AutoHop™ is the patented award-winning technology from DISH that lets you skip ads easily in select primetime shows.\*\*
- A 2 TB hard drive—the largest in the pay-TV industry.
- Over 500 hours of recording space in HD.
- 1.3 GHz processor—the fastest in the pay-TV industry.
- First satellite receiver to offer Bluetooth® audio streaming.
- Over 70 SiriusXM™ satellite music channels including album art.†

## WHOLE-HOME FEATURES

- Connect up to four HD TVs from a single Hopper and three Joeys.
- Watch recorded and live TV on four HD TVs at the same time from a single Hopper.
- Full DVR functionality including the ability to pause, fast-forward and rewind on every TV.
- Share DVR recordings between any HD TV in the home.
- Record up to six live HD channels at once using PrimeTime Anytime\* and stream four HD programs to different TVs simultaneously.

## OTHER FEATURES

- Integrated apps including games, news, social networking and home media (DLNA)
- Remote control locator
- SRS TruVolume™ technology to prevent annoying volume fluctuations
- Seek & Record™ to create custom DVR timers by channel, actor, keyword and more
- Thousands of On Demand movies and shows
- Predictive Search to quickly find shows, recordings and On Demand content
- Graphically rich user interface including poster art and network logos

\*PrimeTime Anytime must be enabled by customer and is subject to availability. Feature is not available in all markets. PrimeTime Anytime feature records up to four local channels with one tuner; with the second and third tuner you can record two additional channels.

\*\*AutoHop feature is only available with playback of select primetime shows after 1 AM Eastern Time on ABC, CBS, FOX and NBC as part of PrimeTime Anytime feature. Feature must be enabled by customer and is subject to availability.

†Available with select programming packages.

DISH Transfers: select DVR recordings cannot be transferred. All features, functionality and offers subject to change without notice.
